

COURSE DESCRIPTIONS

How to Install Underground Fuel Storage Tanks & Piping:

A comprehensive UST installation course designed to prepare students for UST Installer Certification/Licensing examinations as well as continuing education. The text is an encyclopedia of UST Installation incorporating references from API, PEI, NFPA, 30 & 30A, 40 CFR 280 and manufactures installation instructions and check sheets.

A Contractors Guide to UST Closures:

A complete guide to UST removal/decommissioning. It is designed to prepare students for UST Removal Cert. exams as well as continuing education. The text incorporates material from API, New England Water Commission, NFPA, 40 CFR 280 and actual experiences of students.

OSHA 8 Hour Annual Hazwoper Refresher Course for UST Sites:

Completing this course will give the student 8 hrs. of UST cont. education credits as well as satisfying the OSHA 8 hr. Annual HAZWOPER Refresher training requirements. This course is unique in that it is a HAZWOPER refresher course that focuses on UST sites and is therefore relevant to the students.

How to Comply with UST Testing and Inspection Rules:

Learn the procedures for performing the required tests and inspections to comply with the new federal Underground Storage Tank Regulations.
